SHWETA GAIKWAD

SKILLS

Programming Languages C, C++, Java, PHP, Python, JavaScript
Web Technologies HTML, CSS, JS, PostgreSQL
Soft Skills Communication, Honesty, Punctuality

PROJECTS

StoreIt – Smart Document Manager

- Developed a secure file manager system to upload, organize, and manage digital documents.
- Enabled version tracking and categorization for efficient access.

ParkEase – A Smart Parking Automation System

- Developed a real-time smart parking system to allocate, release, and track parking slots with centralized monitoring.
- Designed an admin panel for managing users, parking areas, and generating reports with vehicle and booking data.
- Implemented features for user registration, live slot tracking, secure payments, and data privacy protection.
- Used HTML, CSS, JavaScript, and PostgreSQL for full-stack development.
- Enabled mobile-friendly interface and guided user dashboard for efficient parking operations.

Student Housing Management System

- Built a web-based platform to manage student housing information, tenant data, and rental requests.
- Used HTML, CSS, JavaScript, and PostgreSQL for full-stack development.
- Integrated dynamic forms, server-side validation, and role-based access control.

CERTIFICATIONS AND ACHIEVEMENTS

- Completed MS-CIT certification with 89%.
- Completed internship training with Edureka.
- 100 Days of Code: The Complete Python Pro Bootcamp – Udemy

LANGUAGES

English, Hindi, Marathi
